Re: Mike ZULIC and wife.

Last evening, in company with Mr. Frank Kee, I called upon Mike Zulic (the pig sticker) and his wife, Mary. They reside in the fields off Hamilton Avenue, about opposite Mr. Kee's residence.

It was next to impossible to get any information from these people, even though Mr. Kee is very friendly with them. Zulic is an excitable foreigner and is very much worked up about the methods that were used four years ago in order to try to force him to confess that he was the one who committed the murder. However, after considerable difficulty, we were able to get both he and his wife to answer the question as to whether or not they had heard any shots on the night of the murder. They both denied having heard any and both denied that they have any knowledge concerning who committed the crime. Zulic is a very excitable individual and, when mention was made of the case, he threw his hands in the air and went into a rage, declaring that he wouldn't have anything to do with the matter and using various vile expressions.

Respectfully submitted:
